

# RM1301 - Handheld microphone/speaker

Type designation: **RM1301**

NSN: **5965160024751**

PN (RN): **2009.100.01**

KČN: **0064332001036**

The handheld microphone/speaker make it possible to operate the basic transceiver set and the mobile set without the necessity to have the transceiver in near proximity. This unit contains a PTT button and the button for sending of 1 kHz radio call. It can be used with the transceiver on the operator's back. The unit is connected to the transceiver by a spiral cable and a connector.

## Technical parameters

<b>Supply voltage</b>	6.5 V to 15 V
<b>Modulation voltage to the transceiver</b>	100 mV/2 k $\Omega$
<b>Speaker impedance</b>	8 $\Omega$
<b>Maximum current consumption</b>	20 mA
<b>Tone calling:</b>	
• <b>modulation voltage</b>	100 mV
• <b>frequency</b>	(1 000 $\pm$ 200) Hz
<b>Operating temperature range</b>	-30 $^{\circ}$ C to +60 $^{\circ}$ C
<b>Weight</b>	0.3 kg
